

Activity 3.2

What Do You See?

Objectives:

- Highlight how two or more people can experience the same event or situation yet walk away from it having distinctly different perceptions and impressions about it.
- Understand that we all view the world around us through a lens that has been shaped by our individual experiences.

Materials:

- Images below

Steps:

1. Display the image(s).
2. Discuss how the activity uses images that can be perceived in different ways:
 - What do you see?
 - Can you see it another way?
 - Even when you are able to recognize two images, does one image dominate your perception?
